How To Help Saving Our Environment?

Buy **Quality**, Not Quantity.

Our passion is to design and manufacture seating that complements all types of interiors and tastes.

All our furniture is made using high quality components, and all of them are produced in our factory located in Poland. Thanks to in-house production we aren't dependent on outside sub-suppliers, other than for wood and gas springs and our lead times are impressive.

Our range is made using cold cure moulded foam, making our chairs comfortable and durable. In fact, we are proud to give our customers a 10-years warranty on our foam. As a safety measure, to protect children and pets, we don't use scissor mechanisms on our fully reclining chairs. We have a large range of fabrics and leathers, and a choice of bases and finishes, which means everyone can find something to fit their home.

Only the highest quality foam, proprietary mechanisms, the best quality materials or certified leather suppliers make the furniture produced by us one of the best in the world.

A minimum of 20,000 full cycles of opening and closing the chair during durability tests guarantee many years of trouble-free use. Certified high-density foam does not crumble for many years, for which, with the greatest responsibility, we can offer a 10-year warranty. Each fully reclining seat is available in a manual or electric version with 2 separately controlled motors and a battery for comfort of use.

Thank you! VERIKON.COM

Fully Reclining Chairs

Uncompromising Comfort, Unmatched Durability. Fully customizable for your interior with thousands of fabric and great choice of real leathers.

Full Relax, Your Way: Choose the perfect chair for you!

- Manual or Electric: Select a manual recliner for classic comfort or an electric version with dual motors for effortless adjustments. Wireless Convenience: Relax anywhere with a rechargeable battery, eliminating the need for unsightly wires.
- Full Relax Chairs offer all the features you need to unwind in ultimate comfort:
- Reclining Back: Find your perfect position for napping, reading, playing games or just watching TV.
- Safe Footrest: The built-in footrest extends smoothly, ensuring safety for children and pets.
- Adjustable Headrest: Customize your support for optimal comfort.
- Easy Swivel: Move around freely without the hassle of repositioning the entire chair.
- Relax with confidence: Full Relax Chairs are engineered for years of worry-free use.
- We rigorously test our chairs to withstand over 20,000 cycles of opening and closing, ensuring smooth operation for years to come.
- Experience lasting comfort: Made with certified high-density foam, our chairs won't lose their shape or support - that's why we confidently offer a 10-years warranty.

COLD CURED MOULDED FOAM

Our Chairs Are Made of Cold Cured Moulded Foam.

- ✓ They are much more comfortable, and the chairs always look the same because its appearance does not depend only on the manual skills of the upholsterer, but on the foam shape itself.
- ✓ Springs embedded in the foam provide better seating comfort.
- ✓ Density of the foam is usually between 55 and 65 kg / m³. Hardness is also always chosen individually to the chair and if it is seat or back it is different.
- ✓ Guarantee for the foam itself we can Easy offer 10 years. This comes from the quality of the chemicals and the density used.
- ✓ All Footstools we Offer also made of Moulded **MEMORY** Foam, so your legs will rest without any pressure! Headrest pillows also available!
